Thanks everyone for reviewing the many technical documents over the past months, developing the letter, fitting letter review into your busy schedules, and helping us to mutually understand the policy, program, and technical issues. It was a great learning experience for me! In particular, I appreciated your responsiveness when there is so much activity all around and patience in working through the various perspectives.

Hi Sue

Attached is a letter describing our review of your draft JD and waste treatment exclusion.
Thanks so much for your patience and understanding.
